

Where our Nation remembers

BE INSPIRED AT THE ARBORETUM

Creative ways to learn for students
of all ages and abilities

Education at the Arboretum

Educational visits to outdoor venues are hugely rewarding. Well organised trips are an excellent way to expand on educational opportunities by taking learning beyond the classroom.

We welcome students of all ages, backgrounds and abilities – offering a range of learning objectives. With a dedicated educational resource centre and education officer it is the perfect venue for developing an understanding of the concept of Remembrance and the impact of conflict.

Plan your visit:

www.thenma.org.uk

Your learning objectives:

- To introduce the concept of Remembrance
- To understand why we wear poppies
- To reveal the meaning behind Remembrance Day and Armistice Day
- To familiarise young people with different memorials
- To discover the stories behind the memorials
- To participate in an act of Remembrance

Intergenerational learning

Supporting:

- Learning outside the classroom
- Diversity and Cultural Identity
- Intergenerational Learning
- Active Citizenship
- Literacy – speaking and listening

Educational workshop

Visit us:

- We offer free teacher familiarisation visits
